# EXHIBIT PROSPECTUS

## 8<sup>th</sup> Annual Scientific Sessions of the Cardiac Neurodevelopmental Outcome Collaborative

### Vision

The Vision of the Cardiac Neurodevelopmental Outcome Collaborative is to optimize neurodevelopmental outcomes for individuals with pediatric and congenital heart disease through clinical, quality and research initiatives. CNOC's aim is to maximize quality of life across the lifespan by bringing together a multicenter, multinational, interdisciplinary group of healthcare professionals, researchers and scientists, committed to a partnership together and partnering with patients and families.

### Mission

The Mission of the Cardiac Neurodevelopmental Outcome Collaborative is to determine and implement best practices of neurodevelopmental services for individuals with pediatric and congenital heart disease through clinical, quality improvement, and research initiatives.

### History

The Cardiac Neurodevelopmental Outcome Collaborative was formed in 2012. In the same year, the first Cardiac Neurodevelopmental Symposium was held in Boston, and three key work groups were created: Cross-site Collaboration, Infant Follow-up Protocols, and School-age Follow-up Protocols. Currently, there are 30+ participating institutions in North America and Europe.

### Invitation to Support

The Cardiac Neurodevelopmental Outcome Collaborative is pleased to invite your organization to increase your visibility and strengthen relationships with leaders in pediatric cardiology and cardiac surgery, brain imaging, ICU monitoring, and neuropsychologic and mental health outcomes. Industry support is key to the success of this meeting and demonstrates your commitment to improving patient care and outcomes.

With unopposed exhibit hours you will have an opportunity to generate new leads with pediatric cardiac and neurodevelopmental professionals.

### CNOC Annual Meeting Program and Target Audience

The 8<sup>th</sup> Annual Scientific Sessions of the Cardiac Neurodevelopmental Outcome Collaborative (CNOC) is an annual presentation of the Society. This interdisciplinary meeting is designed to promote collaboration among all professionals who work with children and young adults with congenital heart disease, including cardiologists, psychologists, neurologists, nurses, therapists and educators.

We anticipate 250-300 attendees.
